

For integrating your services with iPILOT, it is necessary to install the Application from the Zoom App Marketplace. The following steps will outline the installation process:

Step 1: Installation of the iPILOT Application

- Navigate to the [Zoom App Marketplace](#) homepage.
- Use the "Search for Published App" feature in the top right corner and enter "iPILOT" in the search bar.

- From the app page, enable the "Approve use of this app" toggle switch.

Number	Features	Provision To	Type	Country	First Name
+17194148031		timothy@pilot.io	USER	United States	Tim
+17194148042		monica@pilot.io	USER	United States	Monica
+18886619763				United States	Monica

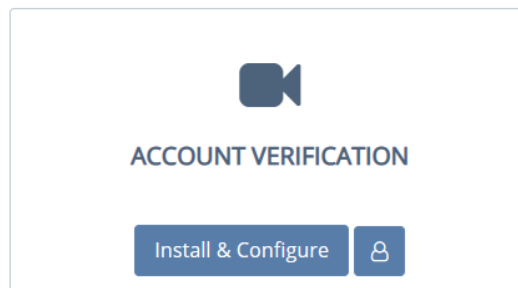

- Select either "All users" or specific users for approval.
- Click "Add" to complete the installation.

Step 2: Account Verification

When you log into iPILOT you will land on the Dashboard page, select Integrations under settings on the left-hand side.

- Select Install and Configure.

- A new tab will open for you to authorize the application.
 - Review each setting by clicking on the arrows.
 - Click Allow.

You are about to add NTS COM BETA
